Herget and Con Deasy, all of San Francisco Charles Exton, the Los Angeles referee, dropped in unexpectedly. He expressed himself as astonished at Jeffries's splendid physical condition.

Colored Heavyweight Champion Shows Remarkable Physical Condition at Start.

SAN FRANCISCO, May 15.-Jack Johnson did his first real gymnusium training this afternoon, and if there were any of the critics who had their sus-pleions as to the form of the colored heavyweight champion, they were entire-ly dispelled by the manner in which he went through his work. way into the big dance pavillon, Johnson went through, the ordinary and routine exercises and wound up by boxing eight full three-minute rounds. When the last bout was over, Johnson was not even drawing a long breath, the best proof in the world that his wind is in good shape. That he could get ready for the coming fight in three weeks was the general opinion.

The colored man was highly pleased with himself and remarked to friends in his dressing room that he was better than he lad imagined. Voteran followers of the game had their eyes opened at the way Johnson tackled the work ahead of him. It is customary for a boxer in commencing his training to go from three to four short rounds, but Johnson doubled that to eight rounds, in which there was no cutting down the time and went at the boxing pell-mell. In every department of the, boxins game, although particularly of course, on the defensive, he showed himself a wonderful man with the gloves. His first three rounds were will George Cotton, a colored boy he brought from Chicago, and Johnson found in him a willing worker, For all his weight.
